SUMMARY

Frontend and Full-Stack Web Developer skilled in building clean, responsive, and secure web applications with React, Next.js, Tailwind CSS, Better Auth, and MongoDB. Delivered three end-to-end platforms covering authentication, role-based dashboards, and payment integration. Focused on writing maintainable code and continuously improving performance and UX.

SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, DaisyUI, shadcn/ui, HeroUI

Backend & Auth: Node.js, Express.js, MongoDB, Better Auth, JWT, REST API

Tools & Concepts: Git, GitHub, VS Code, Vercel, Postman, Stripe Integration, Responsive Design, Dynamic Routing

PROJECTS

Ticket Bari — Ticket Booking Platform [Live Demo](#) | [GitHub](#)

- Developed a ticket booking platform with role-based access control (User, Vendor, Admin) and secure JWT authentication.
- Built dynamic ticket browsing and route-based search, and integrated the Stripe payment gateway for secure online transactions.
- Built dedicated dashboards for vendors to manage listings and for admins to monitor platform statistics and user activity.

Tech: Next.js, React, Tailwind CSS, HeroUI, Node.js, Express.js, MongoDB, Stripe

SkillSphere — Online Learning Platform [Live Demo](#) | [GitHub](#)

- Built a modern online course platform with protected route flows using Better Auth.
- Developed dynamic, optimized course pages leveraging Next.js App Router capabilities.
- Designed a fully responsive UI optimized for mobile, tablet, and desktop viewing.

Tech: Next.js, Tailwind CSS, Better Auth, MongoDB

Dragon News — News Portal [Live Demo](#) | [GitHub](#)

- Created a responsive news portal with dynamic category filtering and details routing.
- Integrated external REST API data fetching using the Programming Hero news API.
- Implemented secure authentication workflows with Google and GitHub login.

Tech: Next.js, REST API, Better Auth, Tailwind CSS

EDUCATION

B.A. (Honours) in English | National University, Bangladesh | 2024 – Present

Self-taught web developer alongside formal studies — completed hands-on projects covering full-stack development, authentication, and payment integration.
